

Subject: Extension of Submission Deadline of Assignment.

Dear Professor,

I hope this message finds you in the best of health and spirits. I am writing to humbly request an extension of the submission deadline of the Assignment, which was originally due on date.

I have been a committed student of your course and have been diligently working on the Assignment. However, due to unforeseen circumstances of sudden illness I have been unable to submit it by the due date. I have been able to make considerable progress with my work and believe that I will be able to submit it by three days from now, which will be of high quality.

I am aware of the school's policy with regard to deadlines. I believe that granting me this extension will allow me to submit my work that meets the requirements of the Assignment.

Thank you for considering my request. I look forward to discussing this with you if needed.

Sincerely,

Deepakkumar G,
